Reminder List of Eligible Releases for Distinguished Achievements during 2006

<http://www.oscars.org/79academyawards/reminder/>

Reminder List of Productions Eligible for Awards

All films that have qualified for consideration for 2006 Academy Awards in the non-specialized categories are listed alphabetically by title.

Voters making selections in their own branch categories list only film titles on their ballots, not the individuals responsible for the various achievements. For that reason, as well as for reasons of printing time and convenience of using this pamphlet, full credit rosters are not provided for the listed films.

An exception to the above exists in the four Acting categories, where simply listing titles would not provide enough voting information. Actors Branch members filling out their Nominations ballots must indicate both titles and the particular performers they are voting for. For that reason, the Reminder List provides a listing of up to fifty cast members for each film.

Pictures eligible in the Animated Feature Film, Documentary Feature and Foreign Language Film categories are also eligible in the Best Picture category, provided they meet the qualifications for the category. Foreign Language films are eligible for awards in other categories provided they meet the requirements of Awards Rules Two and Three.
